

INJUNCTION GRANTED

VIRGINIA JUDGE RESTRAINS OFFICERS FROM LAUNCHING THE GALVESTON.

ALLOW NO INTERFERENCE

NAVY DEPARTMENT CANNOT SUBMIT TO THE MANDATE OF THE COURT.

Richmond, Va., June 19.—Judge Grinnan of the Richmond chancery court granted an injunction restraining Lieutenants Thesis and Grosdeck, United States navy, from proceeding further toward the launching of the cruiser Galveston, under construction in the Trigg shipyards here.

The injunction was granted on petition of S. H. Hawes & Co. of this city, supply creditors of the Trigg company, now in the hands of a receiver, and restrains the government officials and all other persons from in any way interfering with any of the property at the Trigg yards under control of Lilburn T. Myers, the receiver, and especially the cruiser Galveston and the dredge Benhard, under construction for the government. Lieutenants Thesis and Grosdeck were sent here by the navy department to superintend the launching of the Galveston, which it was the intention of the department to send to the Norfolk navyyard for completion. All preparations had been made for launching the vessel Monday next.

CRUISER WILL BE LAUNCHED.

Navy Department Cannot Submit to Interference With Its Rights.

Washington, June 19.—It is stated here that proper respect will be shown the mandate of the courts so long as they keep within their jurisdiction, but that the navy department cannot submit to any interference with its rights. The cruiser Galveston at Richmond, it is added, will be launched when ready. Secretary Moody is not at all disposed to act hastily in the matter of the Galveston, but indefinite delay upon the construction of that vessel in the event of an international emergency, might prove a grave matter, the department therefore feels bound to proceed with the work as rapidly as possible. It is hoped that the vessel will be in condition for launching next Monday afternoon.

Secretary Moody was informed of the action of the Richmond court restraining the government from further work on the Galveston, but declined to talk on the subject until after conferences to be held today with the president and the attorney general. Attorney General Knox was also unwilling to be quoted in the matter until his opinion rendered to the president as to the jurisdiction of the government over the Galveston has been made public. It can be stated, however, that the attorney general regards as eminently well taken the contention advanced by Rear Admiral Bowles, chief of the bureau of construction and repair, that no court has the right to interfere with work on a war vessel and the government would be warranted in calling federal troops to protect its agents engaged in such work.

Instructed to Proceed.

Instructions have been sent Lieutenant Thesis and Naval Constructor Grosdeck in charge of the work on the Galveston to proceed with all possible dispatch in the efforts to get the ship ready for launching on Monday. An invitation has been sent Miss Ella Sealey of Galveston, Tex., selected as sponsor of the vessel, to be present on Monday to christen the Galveston with the traditional bottle of champagne. Captain Charles Train will act as the representative of the government.

When the Trigg company failed last spring they also had under construction an hydraulic dredge for the war department and revenue cutter for the treasury department. These vessels will be taken to the Norfolk yards with the Galveston for completion there.

The government has no objection to the supply creditors of the Trigg company proceeding in the courts to protect their rights, but it takes the ground that work on a warship is too important to the nation at large to be delayed while private firms are adjusting their financial difficulties with one another.

The plan of action decided on is practically unique in the history of the naval department. It was decided on after the president, secretary of navy and the secretary of the treasury had given the subject their careful attention. It is considered the people of Virginia will not regard the action of the navy department as in any degree reflecting on the sovereign rights of that state.

When the Galveston shall be launched a gunboat will probably be sent to accompany her to Norfolk. It is not expected that the department will have to resort to a show of naval or military force to execute its orders.

Dies From Cruel Torture.

Vienna, June 19.—It is reported from Sofia that Bogdanoff, one of the Bulgarians who were condemned for participation in the recent dynamite outrages at Salonica, has died in prison after undergoing cruel tortures.

CHARGES AGAINST HEDGES.

Washington Postal Official's Actions Being Investigated.

Washington, June 19.—Charges against Charles Hedges, superintendent of the city delivery service of the postoffice department, alleging that he had pressed claims before congress, solicited employees in the service to take stock in mining companies and other allegations, were under investigation by the inspectors of the postoffice department. The charges were presented to Postmaster General Payne and referred by him to Fourth Assistant Postmaster General Bristow. The allegation that Mr. Hedges went to the Capitol during the last session of congress and urged the passage of a claim pending was made at that time.

Mr. Hedges was immediately called upon for a statement, which is now on file in the department. Since then other charges have assumed definite shape.

Mr. Hedges was an assistant to Former General Superintendent August W. Machen of the free delivery service, now under indictment.

The charge relating to the sale of stock refers to a gold mining company of which Mr. Hedges is said to be president. The charge is that stock of this company was sold to postmasters while Hedges was in charge of the entire city branch of the free delivery system and that stock of the company was given to private secretaries of representatives in congress.

It is stated that the federal grand jury has voted to return indictments against August W. Machen, Diller B. Groff, Samuel A. Groff, George E. Lorenz and Mrs. Lorenz, the two latter being residents of Toledo, O. The specific charge, it is understood, will be conspiracy to defraud the government.

ON LIBERAL LINES.

Minnesota Physicians Organize a State Society.

St. Paul, June 19.—The second day of the thirty-fifth annual session of the Minnesota State Medical society commenced with a general business meeting, followed by a paper read by Dr. J. N. McCormick of Bowling Green, Ky., entitled "The Organization of the Minnesota State Medical Society."

In this paper Dr. McCormick urged the matter of organization upon the basis of liberality recommended by the American Medical association, the national organization of the medical profession. This recommendation is that all "regular practicing physicians" be admitted to the ranks of the organization, irrespective of school or so-called "sect." And the further proviso is agitated, "that the country organization be made the basic unit—in other words, that any member of the profession belonging to his county organization, by virtue of that membership, belongs to both state and national organizations."

With one accord the entire 150 physicians present voted to accept in material form the views of Dr. McCormick by adopting the national plan of federation by bringing the county organizations into the state society.

In the state society will be "a house of representatives, or delegates from the county organizations, on the basis of one delegate for every fifty county members or major fraction thereof. After the completion of this business the meeting adjourned for luncheon, after which the medical section of the programme was taken up.

WORK OF LUTHERANS.

Officers Elected and Action Taken on Other Matters.

Duluth, June 19.—At Thursday's session of the United Norwegian Lutheran church, officers were elected as follows:

Vice president, N. J. Ellested, Kenyon, Minn.; secretary, Jens C. Roseland, Austin, Minn.; treasurer, Hon. Lars Swenson, Minneapolis.

The services opened with a sermon by Rev. L. E. Hammer of Roselyn, S. D., and in the business session which followed, President T. J. Dahl, delivered his annual report. He said that the church had experienced a wonderful growth throughout the country during the past year and that there were not sufficient ministers to take charge of all the parishes. He discussed the subject of uniting with the Norwegian Lutheran synod at some length, declaring that the desire is not so great as it was on account of schisms that have arisen. One of these is that officers of the Norwegian Lutheran synod have recently published statements regarding some of the faculty of the theological seminary connected with the United church which are resented by the conference.

At the afternoon session President Dahl was authorized to wire the head of the Lutheran synod if these statements were officially upheld by that church. If they are it is improbable that any reconciliation between the two churches will be effected.

STRANGERS MISSING.

Baggage of Transient Victims Found at Heppner, Ore.

Heppner, Ore., June 19.—The number of dead recovered from the flood ruins totalled 153 bodies Thursday. Fifteen bodies were found in drifts along Willow creek. Although the number of missing is reduced by the discoveries made Thursday, it is likely that the missing and unknown list will be further augmented by transient strangers whose baggage was found. The number of missing remains in the neighborhood of fifty-five to sixty.

A list of valises and trunks just prepared established the fact that from 15 to 20 transients went down in the flood.

JURORS ARE DIVIDED

UNABLE TO AGREE ON A VERDICT IN MURDER CASE OF JETT AND WHITE.

ANXIETY BECOMES INTENSE

JACKSON PEOPLE FEARFUL OF WHAT MIGHT FOLLOW THE JURY'S ACTION.

Jackson, Ky., June 19.—The jury in the case of Jett and White, charged with the murder of J. B. Marcum, is unable to agree. The case was in the hands of the jury all Thursday afternoon and last night it was said that at least two jurors are holding out for conviction, while the others are divided, most of them favoring acquittal. The jurors went to bed early and there was no report last night.

As the jury retired an hour before noon, it was thought the first ballot was taken before luncheon and there is conflicting reports as to the number of ballots taken during the afternoon and night. During this suspense there has been intense anxiety about the courthouse and about the town discussing what might follow either a verdict of conviction, or of acquittal or of compromise. But the indications are that the jury will finally agree to report that it has disagreed and ask to be discharged. All hope of conviction seemed to be given up last night. The friends of the prisoners are as confident as ever that there will be no conviction and they are even hopeful of acquittal.

It is not thought that the prosecution for the murder of Marcum and others will stop with this jury if it disagrees. The next trial will likely be held by another judge and the jurors will be drawn by different officers.

After the jury reported no agreement last night and was instructed by Judge Redwine to continue its deliberations, he said that he had never expected a verdict on the first night and that he would hold the jury at least until Saturday unless a verdict was rendered before that time.

Jury Under Heavy Guard.

The jury spent the night at the Arlington hotel under a heavy guard. A heavy guard was also placed around the home of Commonwealth's Attorney Byrd.

After the case of Jett and White was submitted to the trial jury, Commonwealth Attorney Byrd was able to turn his attention to the grand jury, and his success in getting results from the grand jurors was apparently not much better than from the other jurors. By a vote of three to nine this grand jury refused to indict John Callahan, a nephew of Sheriff Callahan, accused of waylaying a boy of the name of Berner and shooting him in the leg eight months ago. The grand jury which convened after the incident indicted him for a misdemeanor. Men who were before the grand jury in the cases of the men accused of the burning of Ewen's hotel, say the form of interrogation was this: "Do you know anything about the burning of Ewen's hotel?"

"Yes."

"Well, do you know of any illicit whisky selling?"

"No."

"That will do, you may go."

After the examination, but before other witnesses could appear, the grand jury reported, recommending the dismissal of the suspects. Attorney Byrd refused to allow the men to be dismissed and the cases were resubmitted to the grand jury and witnesses were examined again.

REFLECTS ON HIGH OFFICIALS.

Statement of Captain Ewen to Governor Beckham.

Lexington, Ky., June 19.—Captain Ewen announced Thursday that on the advice of friends he would go to Frankfort, as soon as the Jackson jury returned a verdict, and lay all the facts before Governor Beckham. Men close to him say his statement to the governor will reflect on men high in official life in Breathitt county and may form the basis of warrants for bribery.

REPUDIATES THE IDEA.

Grover Cleveland Denies That He Is Striving for the Presidency.

St. Paul, June 19.—A special to the Globe from Princeton, N. J., says: Grover Cleveland last night utterly repudiated the idea that he is striving for another term of the presidency.

"It is perfectly absurd," he said, "to suppose that I have any desire to re-enter public life, nor have I remotely entertained the thought since I left Washington six years ago. I have no higher aspiration than to pass my days in peace with my family around me and take no part in politics which any private citizen cannot take with the almost propriety."

Missouri Robbers Captured.

Joplin, Mo., June 19.—Two men, said to be Bud Fair and Frank Ellis, robbed the Adams Express company at Webb City of \$2,000 consigned to the Carterville bank. Both men were captured in the woods three miles from Joplin, after a chase and the money was recovered.

MEET ON THURSDAY.

Miners and Operators Will Then Organize Conciliation Board.

Wilkesbarre, Pa., June 19.—The miners and operators representatives on the board of conciliation will meet in this city for organization on Thursday next, June 25. This statement was given out after a conference of the men interested. An effort was made to organize this board four weeks ago, but the operators refused to recognize the miners' credentials at that time. This required the calling of the recent miners' convention, when action was taken to overcome the objections of the operators, and the miners are now assured that no further objection will be raised against their representatives.

REFUSE TO ARBITRATE.

Chicago Waiters Decide to Ask That Strike Be Made More General.

Chicago, June 19.—Striking waiters refused to arbitrate last night and decided to ask that the walkout be made more general and engineers and elevator men be asked to join them. After midnight they began to send out committees to call more strikers.

With the battle practically won, as the hotel owners thought, their committee met a committee of the strikers, but practically nothing came of the meeting, and the waiters in a general meeting then decided that they would not arbitrate, but would under take to spread the strike.

MILITIA IN READINESS.

Will Be Sent to Dubuque If Sheriff Cannot Maintain Order.

Dubuque, Ia., June 19.—Governor Cummins, while holding the Waterloo, Independence and Maquoketa military companies in readiness to proceed to Dubuque, concluded that, the town being quiet, he would not be justified in ordering the militia forward until Sheriff Steiner shall report that another outbreak has occurred and that he is unable to handle it without further military aid.

The Union Electric company says it will make no further attempts to operate its cars until further military protection shall be offered.

FREIGHT HANDLERS STRIKE.

Demand an Increase in Wages of Nearly 25 Per Cent.

Kansas City, Mo., June 19.—All the freight handlers employed at the local freight depots of the St. Louis and San Francisco railway, the Burlington and the Rock Island systems went out in the afternoon because the companies refused to grant their demand for an increase of wages of nearly 25 per cent. This makes a total of 400 men now out, the Santa Fe men having struck on Monday. Other roads may be affected.

RATE WAR CONTINUES.

Representatives of Chicago-St. Paul Roads Unable to Agree.

Chicago, June 19.—After a stormy session, representatives of the passenger departments of the Chicago-St. Paul roads adjourned after admitting that they were powerless to arrange a settlement of the rate troubles in their territory. The executive officers of the lines interested will now take the matter up. It became known during the day that when the general passenger agent of the Wisconsin Central gave notice on June 9 that he would put in the \$8 rate to Chicago from St. Paul, he also declared that if that step were taken the rate would stand for all time. The probability of anything being done in the near future to restore the old rate, say railroad officials, is very small, on account of the number of tickets in the hands of brokers which the latter could then sell at a profit.

AGAINST BOSTON COMPANY.

Attachment for Fifty Million Dollars Filed in Court.

Boston, June 19.—An attachment for \$50,000,000 was filed in the United States circuit court here Thursday against the General Electric company by counsel for S. E. Vanchoate of this city, who alleged infringement of a number of inventions. The attachment is filed in connection with a suit for damages entered by counsel for Mr. Vanchoate.

COMMITTEE'S PLAN REJECTED.

Woodmen Discussing Readjustment of Assessment Rates.

Indianapolis, June 19.—At the morning session of the head camp of Modern Woodmen the question of rate readjustment came up for discussion. The report of the committee appointed to submit a plan of readjustment was submitted by G. W. Clark and, as expected, was rejected. Other plans were then presented and discussed.

Los Angeles seems to have the lead for the next convention.

The junior and pony classes of Forsters were awarded their prizes in the afternoon. The winners' percentages were: Junior Class No. 2392 Joliet, 94.4; No. 111, Des Moines, Ia. 92.3; No. 1555, West Duluth, Minn. 92.4; No. 1412, Kansas City, Kan. 91; No. 1323, Lincoln, Neb. 90.8; No. 636 Minneapolis, 89.7; Pony class, No. 3129, Mount Vernon, Ind., 82.85; No. 9116, New Lancaster, Ind., 77.15; No. 365, Madison, Wis., 76.52.

Discuss Insurance Rates.

St. Paul, June 19.—Discussion of insurance rates in committee of the whole occupied the supreme lodge of the A. O. U. W. all day Thursday, and, although no decisive action has as yet been taken, even in committee, it is the general belief that some new plan of assessment will be adopted before this convention adjourns.

WINS THE SUBURBAN.

Africander Finishes First in a Splendid Field of Fifteen.

New York, June 19.—For the first time in the score of years of its history, the Suburban handicap was won by a three-year-old, Africander, son of Star Ruby-Afric Queen, who finished first in a splendid field of fifteen, to thirteen of which he was giving weight.

His victory was marred by a claim of foul made by George Odom, rider of Herbert, second horse, but the judges decided that the winner had earned his prize, and let the race stand as run. Charles Dwyer and Simeon Delmel, proprietors of the Hampton stable, in whose colors Africander ran, won \$16,690 in the stake and made a generous present to Fuller, the New Orleans graduated jockey who piloted their horse to a stirring victory. They had also backed the horse at 100 to 1 in the winter betting, driving his odds to 15 to 1.

Thirty thousand persons saw the race, and few of them bet on the winner.

WISCONSIN CREW LEADS.

Defeats Pennsylvania in an Impromptu Race of About a Mile.

Poughkeepsie, June 19.—There was an unusual incident during the evening practice, when Pennsylvania and Wisconsin had an impromptu brush for a mile or so. Both crews were rowing up the river, the Quakers along the west shore and the Badgers on the opposite side. Both crews rowed about 34, and if there was any difference at the finish it seemed from the east shore to be in favor of Wisconsin, although the partisans of Pennsylvania claimed a lead of four lengths. The Westerners advanced considerably during the day under the coaching that O'Dea was able to give them from the steamer Queen City.

Two Persons Drowned.

Minneapolis, June 19.—Two persons were drowned here yesterday. One was Albert McGee, an iron molder aged twenty-one years. He was bathing in the river at Twentieth avenue north when he met his death. The body was recovered. The other was Oscar Merobun, a lad ten years old. He was drowned while bathing in Minnehaha creek. The body had not been found last night.

WINDS UP HIS TOUR.

President Roosevelt Pays a Visit to the University of Virginia.

Charlottesville, Va., June 17.—President Roosevelt wound up his tour of the country by a visit to the University of Virginia. It was alumni day at the university and occasion was made memorable by the presence of many men distinguished in public life, some of them graduates of the university. The reception accorded to the president was a particularly warm one, and he was greeted with ringing cheers that were renewed several times during his two speeches. The president when he arrived here was escorted direct to the grounds and in the famous rotunda of the building stood directly under the statue of Thomas Jefferson and held a reception. He was then taken to the audience hall where he delivered his address. Later in the gymnasium at the banquet he responded to the toast of the "President of the United States."

At the conclusion of the luncheon the president and Mrs. Roosevelt mounted horses and rode out to Monticello, the home of Jefferson, where they and others were entertained until their special train left for Washington, where they arrived safely in the evening.

Jury Under Heavy Guard.

The jury spent the night at the Arlington hotel under a heavy guard. A heavy guard was also placed around the home of Commonwealth's Attorney Byrd.

After the case of Jett and White was submitted to the trial jury, Commonwealth Attorney Byrd was able to turn his attention to the grand jury, and his success in getting results from the grand jurors was apparently not much better than from the other jurors. By a vote of three to nine this grand jury refused to indict John Callahan, a nephew of Sheriff Callahan, accused of waylaying a boy of the name of Berner and shooting him in the leg eight months ago. The grand jury which convened after the incident indicted him for a misdemeanor. Men who were before the grand jury in the cases of the men accused of the burning of Ewen's hotel, say the form of interrogation was this: "Do you know anything about the burning of Ewen's hotel?"

"Yes."

"Well, do you know of any illicit whiskey selling?"

"No."

"That will do, you may go."

After the examination, but before other witnesses could appear, the grand jury reported recommending the dismissal of the suspects. Attorney Byrd refused to allow the men to be dismissed and the cases were resubmitted to the grand jury and witnesses were examined again.

REFLECTS ON HIGH OFFICIALS.

Statement of Captain Ewen to Governor Beckham.

Lexington, Ky., June 19.—Captain Ewen announced Thursday that on the advice of friends he would go to Frankfort, as soon as the Jackson jury returned a verdict, and lay all the facts before Governor Beckham. Men close to him say his statement to the governor will reflect on men high in official life in Breathitt county and may form the basis of warrants for bribery.

REPUDIATES THE IDEA.

Grover Cleveland Denies That He Is Striving for the Presidency.

St. Paul, June 19.—A special to the Globe from Princeton, N. J., says: Grover Cleveland last night utterly repudiated the idea that he is striving for another term of the presidency.

"It is perfectly absurd," he said, "to suppose that I have any desire to center public life, nor have I remotely entertained the thought since I left Washington six years ago. I have no higher aspiration than to pass my days in peace with my family around me and take no part in politics, which any private citizen cannot take with the utmost propriety."

Missouri Robbers Captured.

Joplin, Mo., June 19.—Two men, said to be Bud Fair and Frank Ellis, robbed the Adams Express company at Webb City of \$2,000 consigned to the Carterville bank. Both men were captured in the woods three miles from Joplin, after a chase and the money was recovered.

MEET ON THURSDAY.

Miners and Operators Will Then Organize Conciliation Board.

Wilkesbarre, Pa., June 19.—The miners and operators representatives on the board of conciliation will meet in this city for organization on Thursday next, June 25. This statement was given out after a conference of the men interested. An effort was made to organize this board four weeks ago, but the operators refused to recognize the miners' credentials at that time. This required the calling of the recent miners' convention, when action was taken to overcome the objections of the operators, and the miners are now assured that no further objection will be raised against their representatives.

REFUSE TO ARBITRATE.

Chicago Waiters Decide to Ask That Strike Be Made More General.

Chicago, June 19.—Striking waiters refused to arbitrate last night and decided to ask that the walkout be made more general and engineers and elevator men be asked to join them. After midnight they began to send out committees to call more strikers.

With the battle practically won, as the hotel owners thought, their committee met a committee of the strikers, but practically nothing came of the meeting, and the waiters in a general meeting then decided that they would not arbitrate, but would under take to spread the strike.

MILITIA IN READINESS.

Will Be Sent to Dubuque If Sheriff Cannot Maintain Order.

Dubuque, Ia., June 19.—Governor Cummins, while holding the Waterloo, Independence and Maqueta military companies in readiness to proceed to Dubuque, concluded that the town being quiet, he would not be justified in ordering the militia forward until Sheriff Steiner shall report that another outbreak has occurred and that he is unable to handle it without further military aid.

The Union Electric company says it will make no further attempts to operate its cars until further military protection shall be offered.

FREIGHT HANDLERS STRIKE.

Demand an Increase in Wages of Nearly 25 Per Cent.

Kansas City, Mo., June 19.—All the freight handlers employed at the local freight depots of the St. Louis and San Francisco railway, the Burlington and the Rock Island systems went out in the afternoon because the companies refused to grant their demand for an increase of wages of nearly 25 per cent. This makes a total of 400 men now out, the Santa Fe men having struck on Monday. Other roads may be affected.

RATE WAR CONTINUES.

Representatives of Chicago-St. Paul Roads Unable to Agree.

Chicago, June 19.—After a stormy session, representatives of the passenger departments of the Chicago-St. Paul roads adjourned after admitting that they were powerless to arrange a settlement of the rate troubles in their territory. The executive officers of the lines interested will now take the matter up. It became known during the day that when the general passenger agent of the Wisconsin Central gave notice on June 9 that he would put in the \$8 rate to Chicago from St. Paul, he also declared that if that step were taken the rate would stand for all time. The probability of anything being done in the near future to restore the old rate, say railroad officials, is very small, on account of the number of tickets in the hands of brokers which the latter could then sell at a profit.

AGAINST BOSTON COMPANY.

Attachment for Fifty Million Dollars Filed in Court.

Boston, June 19.—An attachment for \$50,000,000 was filed in the United States circuit court here Thursday against the General Electric company by counsel for S. F. Vanchote of this city, who alleged infringement of a number of inventions. The attachment is filed in connection with a suit for damages entered by counsel for Mr. Vanchote.

COMMITTEE'S PLAN REJECTED.

Woodmen Discussing Readjustment of Assessment Rates.

Indianapolis, June 19.—At the morning session of the head camp of Modern Woodmen the question of rate readjustment came up for discussion. The report of the committee appointed to submit a plan of readjustment was submitted by G. W. Clark and, as expected, was rejected. Other plans were then presented and discussed. Los Angeles seems to have the lead for the next convention.

The junior and pony classes of Foresters were awarded their prizes in the afternoon. The winners' percentages were: Junior Class No. 2892 Joliet, 94.4; No. 111, Des Moines, Ia. 92.2; No. 1555, West Duluth, Minn. 92.4; No. 1412, Kansas City, Kan. 91; No. 1322, Lincoln, Neb. 90.8; No. 636 Minneapolis, 89.7; Pony class, No. 3129, Mount Vernon, Ind. 82.85; No. 9116, New Lancaster, Ind. 77.15; No. 265, Madison, Wis. 76.53.

Discuss Insurance Rates.

St. Paul, June 19.—Discussion of insurance rates in committee of the whole occupied the supreme lodge of the A. O. U. W. all day Thursday, and, although no decisive action has as yet been taken, even in committee, it is the general belief that some new plan of assessment will be adopted before this convention adjourns.

WINS THE SUBURBAN.

Africander Finishes First in a Splendid Field of Fifteen.

New York, June 19.—For the first time in the score of years of its history, the Suburban handicap was won by a three-year-old, Africander, son of Star Ruby-Afric Queen, who finished first in a splendid field of fifteen, to thirteen of which he was giving weight.

His victory was marred by a claim of foul made by George Odom, rider of Herbert, second horse, but the judges decided that the winner had earned his prize, and let the race stand as run. Charles Dwyer and Simeon Delmel, proprietors of the Hampton stable, in whose colors Africander ran, won \$16,690 in the stake and made a generous present to Fuller, the New Orleans graduated jockey who piloted their horse to a stirring victory. They had also backed the horse at 100 to 1 in the winter betting, driving his odds to 15 to 1.

Thirty thousand persons saw the race, and few of them bet on the winner.

WISCONSIN CREW LEADS.

Defeats Pennsylvania in an Impromptu Race of About a Mile.

Poughkeepsie, June 19.—There was an unusual incident during the evening practice, when Pennsylvania and Wisconsin had an impromptu brush for a mile or so. Both crews were rowing up the river, the Quakers along the west shore and the Badgers on the opposite side. Both crews rowed about 34, and if there was any difference at the finish it seemed from the east shore to be in favor of Wisconsin, although the partisans of Pennsylvania claimed a lead of four lengths. The Westerners advanced considerably during the day under the coaching that O'Dea was able to give them from the steamer Queen City.

Two Persons Drowned.

Minneapolis, June 19.—Two persons were drowned here yesterday. One was Albert McGee, an iron molder aged twenty-one years. He was bathing in the river at Twentieth avenue north when he met his death. The body was recovered. The other was Oscar Mevobun, a lad ten years old. He was drowned while bathing in Minnehaha creek. The body had not been found last night.

WINDS UP HIS TOUR.

President Roosevelt Pays a Visit to the University of Virginia.

Charlottesville, Va., June 17.—President Roosevelt wound up his tour of the country by a visit to the University of Virginia. It was alumni day at the university and occasion was made memorable by the presence of many men distinguished in public life, some of them graduates of the university. The reception accorded to the president was a particularly warm one, and he was greeted with ringing cheers that were renewed several times during his two speeches. The president when he arrived here was escorted direct to the grounds and in the famous rotunda of the building stood directly under the statue of Thomas Jefferson and held a reception. He was then taken to the audience hall where he delivered his address. Later in the gymnasium at the banquet he responded to the toast of the "President of the United States."

At the conclusion of the luncheon the president and Mrs. Roosevelt mounted horses and rode out to Monticello, the home of Jefferson, where they and others were entertained until their special train left for Washington, where they arrived safely in the evening.

Miss Swindlehurst, of the Owatonna home for dependent children, passed through the city this afternoon en route to points west with several children who are being taken to their respective homes. Miss Swindlehurst is not the regular traveling matron, but is making this trip for her. She states that there has been scarlet fever prevalent in the home for some time, and it was impossible to take the children to their homes. She had a bright bevy of youngsters and they seemed to be enjoying the ride on the "choo choo" very much.

RAILROAD GOSSIP

The logging business in the M. & I. this year so far has eclipsed the records of all former years, and the season will be one of the most successful in this line in many years.

S. L. Bean who left this city to take a position with the Sante Fe wrote home from Topeka some time ago but no letter has been received by Mrs. Bean since, and it is supposed that he has been tied up some where on account of the big floods.

The following regarding E. L. Brown, formerly superintendent of the Superior division of the N. P. and well known in this city will be of interest.

"E. L. Brown, assistant general superintendent of the Great Northern railway and in charge of all lines of the system east of Minot excepting the old Eastern railway of Minnesota lines, will be married at noon today to Mrs. A. M. Gillette at the home of the bride's parents, Mr. and Mrs. C. E. Smith, at Bloomer, Wis. Mr. and Mrs. Brown will go east on a sort of wedding tour and will arrive in St. Paul about July 1.

Staples Items.

From the World:
Mrs. V. F. Rounds and son Victor arrived from Brainerd Saturday on a visit with the family of her sister, Mrs. J. T. Drawz. She will go to Verndale to visit friends a few days and take in the wind-up of the Woodmen picnic.

A. W. Wheatley and family, of Glendive, Mont., were in town a few hours Thursday on their way to Brainerd, where Mr. Wheatley has since entered upon his duties as superintendent of the Brainerd shops. His numerous old friends are all pleased to see him back again.

Brainerd has a specialist, and we are told that he is a good one. Dr. Frank Stuart, late of Minneapolis, has located at Brainerd. He is highly recommended by the leading oculists of the Twin cities and comes well equipped to treat all diseases of the eye, ear, nose and throat. The doctor is well known in Staples, and there is no doubt but what he will receive a great deal of business from this city, as it is much easier to go to Brainerd than it is to go to St. Paul or Minneapolis. Not only that, but the time and expense which is saved. The doctor is a fine operator it is said. His office is in the Bane block. The doctor is a warm friend of Dr. Knickerbocker, of this place, whom he visited last Sunday and returned to Brainerd on the morning train.

Martin Bridgeman, one of the pioneer settlers of Cass county, and a resident of Staples some years ago, passed through town Monday on his way home from Perham, where he attended the funeral of his sister, Mrs. D. R. Gorman, on Sunday. His daughter Katie accompanied him to Perham, and will remain there for a time. Mr. Bridgeman is now road-master on the M. and I., with headquarters at Brainerd.

TRAINS IN COLLISION.

One Man Killed and Thirteen Trotters Badly Injured.

St. Louis, June 19.—Shortly before midnight an eastbound Big Four passenger train ran into the rear end of an Illinois Central train which was standing in the approach of the Illinois side of Eads bridge. J. L. Dolge of Dallas, Tex., who was in charge of an express car loaded with race horses, was instantly killed. The express car was attached to the rear of the Illinois Central train and the car was splintered. Thirteen of the trotters were so badly maimed that they will have to be killed. Rabina, with a record of 2:02, was killed outright.

STORK'S LONG FLIGHT.

A German Specimen Flies to India and Back.

A German nobleman of experimental turn of mind, curious as to the migratory habits of the storks which return each spring to his park, caught one last autumn and affixed to its neck a silver plate, on which were engraved the words, "This stork comes from Germany," says a special cable dispatch from Munich to the New York American.

The bird recently returned to his summer haunts still wearing the silver neck piece, on which had been engraved beneath the original inscription the words, "India returns him with a gift to his German owner."

Attached to the collar was a small parcel wrapped in waterproof material containing a ring of unmistakable Indian workmanship. When the bird flies south this autumn he will be the bearer of a message of inquiry as to the identity of the donor of the ring.

Pleased with the Home.

All Odd Fellows in this city will be very much interested in the following letter which is published by request:

"Odd Fellows Home, May 31, 1903, Northfield, Minn.

"Kind Odd Fellows and Rebekahs: With much gratitude I write you a few lines informing you of my entire satisfaction with the home which your brotherly kindness has provided for me.

"This is indeed a beautiful home, everything is comfortably provided for us to make our declining years, or days, pleasant and free from care. All here have seen better days and held responsible positions in society and business, but through disappointments and misfortunes, loss of dear ones etc., are without a home and have sought this place of rest and refuge from a cold world, and indeed it is a home.

"Brother and sister Stinson spare no pains to make us happy. They are delightful people, are one of us, often come into our sitting room and spend the evening with us, are just as homelike as if in their own home. Everyone is delighted with them.

"Brother Stinson was taking with us the other day and he said if there is anything that one of you would like to have different, I would like, and be very glad, to have you come and talk with us about it, for we might see things in a different light by understanding each other.

They seem to want to do everything just right. The home people are all well as usual. The two men in the hospital are no better and one man here is very poorly, gets around a little on some days. There are twenty-seven (27) here in all. We are living very harmoniously so far and are grateful for Odd Fellowship. We should be glad to see some of you from Brainerd, when it would be convenient for you to call on us.

"We believe the good Father above, has smiled upon and approved of your organization and Odd Fellowship has the divine blessing resting upon it for it is founded upon, and practiced the teachings of him who taught us to Remember the Poor in their affliction.

Hoping that you will prosper in your good work.

"I remain your Sister gratefully,
MRS. B. ARMSTRONG."

Mr. and Mrs. Ward Ames, of Duluth, passed through the city this afternoon en route home from Fargo where they have been visiting friends.

J. R. Jerrard, of the Journal-Press, St. Cloud, passed through the city this afternoon en route home from Aitkin where he has been on business.

Mr. and Mrs. Jos. Murphy returned today from West Superior. Joe says that he thinks Brainerd is good enough for him and intends to remain here.

Mrs. Parault, of St. Ann, Ill., passed through the city this afternoon en route home from Deerwood where she has been visiting with her sister, Mrs. E. P. Mason.

Miss Helen Potter, of Duluth, was met at the train today by Mr. and Mrs. Farrar. She is en route to Detroit, Minn., to visit. She is a niece of Mr. Farrar.

Chief J. T. Black and wife and family arrived this afternoon from Duluth and will be guests of Mr. and Mrs. F. S. Parker and C. N. Parker at the lake for a few weeks.

E. M. Conrad came in from St. Paul this morning and has been calling on the trade. Mrs. Conrad came up this afternoon and they will go out to the lakes for a few days.

Lon Everett has returned from Bismarck where he has been with J. A. Martin placing the new sheep shearing machines. They disposed of fifty of the machines and they are giving great satisfaction.

A twelve pound boy arrived at the home of Mr. and Mrs. P. M. Zakariasen this morning. "Zack" was on the Elks' excursion yesterday and both events coming together as they did, the excursion and the arrival of a baby boy, has slightly overcome him.

The Royal Neighbors will give a dancing party at Gardner hall on the evening of June 22. It is the fourth anniversary of the organization of the order here, and an excellent program of literary and musical numbers has also been prepared. Refreshments will be served.

Joe Raymond, of Deerwood, is in the city this afternoon on business.

Mrs. Louis Yeager arrived in the city from Minneapolis this afternoon.

J. R. Bennett Sr., of St. Cloud, arrived in the city this afternoon and went north on business.

Mr. and Mrs. D. B. Fox, of Perue, Ill., parents of Mr. and Mrs. F. W. Hanft, arrived in the city today. They will spend the balance of the summer at the Hanft cottage at Gull lake.

Miss Swindlehurst, of the Owatonna home for dependent children, passed through the city this afternoon en route to points west with several children who are being taken to their respective homes. Miss Swindlehurst is not the regular traveling matron, but is making this trip for her. She states that there has been scarlet fever prevalent in the home for some time, and it was impossible to take the children to their homes. She had a bright bevy of youngsters and they seemed to be enjoying the ride on the "choo choos" very much.

RAILROAD GOSSIP

The logging business in the M. & I. this year so far has eclipsed the records of all former years, and the season will be one of the most successful in this line in many years.

S. L. Bean who left this city to take a position with the Sante Fe wrote home from Topeka some time ago but no letter has been received by Mrs. Bean since, and it is supposed that he has been tied up some where on account of the big floods.

The following regarding E. L. Brown, formerly superintendent of the Superior division of the N. P. and well known in this city will be of interest.

"E. L. Brown, assistant general superintendent of the Great Northern railway and in charge of all lines of the system east of Minot excepting the old Eastern railway of Minnesota lines, will be married at noon today to Mrs. A. M. Gillette at the home of the bride's parents, Mr. and Mrs. C. E. Smith, at Bloomer, Wis. Mr. and Mrs. Brown will go east on a sort of wedding tour and will arrive in St. Paul about July 1.

Staples Items.

From the World:

Mrs. V. F. Rounds and son Victor arrived from Brainerd Saturday on a visit with the family of her sister, Mrs. J. T. Drawz. She will go to Verndale to visit friends a few days and take in the wind-up of the Woodmen picnic.

A. W. Wheatley and family, of Glendive, Mont., were in town a few hours Thursday on their way to Brainerd, where Mr. Wheatley has since entered upon his duties as superintendent of the Brainerd shops. His numerous old friends are all pleased to see him back again.

Brainerd has a specialist, and we are told that he is a good one. Dr. Frank Stuart, late of Minneapolis, has located at Brainerd. He is highly recommended by the leading oculists of the Twin cities and comes well equipped to treat all diseases of the eye, ear, nose and throat. The doctor is well known in Staples, and there is no doubt but what he will receive a great deal of business from this city, as it is much easier to go to Brainerd than it is to go to St. Paul or Minneapolis. Not only that, but the time and expense which is saved. The doctor is a fine operator it is said. His office is in the Bane block. The doctor is a warm friend of Dr. Knickerbocker, of this place, whom he visited last Sunday and returned to Brainerd on the morning train.

Martin Bridgeman, one of the pioneer settlers of Cass county, and a resident of Staples some years ago, passed through town Monday on his way home from Perham, where he attended the funeral of his sister, Mrs. D. R. Gorman, on Sunday. His daughter Katie accompanied him to Perham, and will remain there for a time. Mr. Bridgeman is now road-master on the M. and I., with headquarters at Brainerd.

TRAINS IN COLLISION.

One Man Killed and Thirteen Trotters Badly Injured.

St. Louis, June 19.—Shortly before midnight an eastbound Big Four passenger train ran into the rear end of an Illinois Central train which was standing in the approach of the Illinois side of Eads bridge. J. L. Dolbe of Dallas, Tex., who was in charge of an express car loaded with race horses, was instantly killed. The express car was attached to the rear of the Illinois Central train and the car was splintered. Thirteen of the trotters were so badly maimed that they will have to be killed. Rabina, with a record of 2:02, was killed outright.

STORK'S LONG FLIGHT.

A German Specimen Flies to India and Back.

A German nobleman of experimental turn of mind, curious as to the migratory habits of the storks which return each spring to his park, caught one last autumn and affixed to its neck a silver plate, on which were engraved the words, "This stork comes from Germany," says a special cable dispatch from Munich to the New York American.

The bird recently returned to his summer haunts still wearing the silver neck piece, on which had been engraved beneath the original inscription the words, "India returns him with a gift to his German owner."

Attached to the collar was a small parcel wrapped in waterproof material containing a ring of unmistakable Indian workmanship. When the bird flies south this autumn he will be the bearer of a message of inquiry as to the identity of the donor of the ring.

Pleased with the Home.

All Odd Fellows in this city will be very much interested in the following letter which is published by request:

"Odd Fellows Home, May 31, 1903, Northfield, Minn.

"Kind Odd Fellows and Rebekahs: With much gratitude I write you a few lines informing you of my entire satisfaction with the home which your brotherly kindness has provided for me.

"This is indeed a beautiful home, everything is comfortably provided for us to make our declining years, or days, pleasant and free from care. All here have seen better days and held responsible positions in society and business, but through disappointments and misfortunes, loss of dear ones etc., are without a home and have sought this place of rest and refuge from a cold world, and indeed it is a home.

"Brother and sister Stinson spare no pains to make us happy. They are delightful people, are one of us, often come into our sitting room and spend the evening with us, are just as homelike as if in their own home. Everyone is delighted with them.

"Brother Stinson was taking with us the other day and he said if there is anything that one of you would like to have different, I would like, and be very glad, to have you come and talk with us about it, for we might see things in a different light by understanding each other.

"They seem to want to do everything just right. The home people are all well as usual. The two men in the hospital are no better and one man here is very poorly, gets around a little on some days. There are twenty-seven (27) here in all. We are living very harmoniously so far and are grateful for Odd Fellowship ship. We should be glad to see some of you from Brainerd, when it would be convenient for you to call on us.

"We believe the good Father above, has smiled upon and approved of your organization and Odd Fellowship has the divine blessing resting upon it for it is founded upon, and practiced the teachings of him who taught us to Remember the Poor in their affliction.

Hoping that you will prosper in your good work.

"I remain your Sister gratefully,
MRS. B. ARMSTRONG."

THE ELKS' EXCURSION.

The Train Returned from Walker Last
Night About 11 O'clock and All Were
Delighted with the Trip.

The Elks' excursion to Walker yesterday, participated in by nearly two hundred prominent people of the city, was a grand success and one has but to ask anyone who who attended to find out what a good time they had. It is to the credit of the Elks that it was such a pleasant affair, and was so thoroughly devoid of anything objectionable. On excursions usually, there is someone who has to get obstreperous, and frequently it is a case where men get to drinking, but this crowd yesterday was different one. Every man conducted himself as a gentleman should and it reflects great credit not only on the lodge out on the city generally. The crowd arrived home without a mishap.

The day was an ideal one and the trip to the reservation, the ride on the lakes, the ball game and everything was very thoroughly enjoyed.

The game between the Elks and the high school teams was enjoyed by a large crowd. It was a good snappy game, but the high school boys are said to have alien all to pieces. The members of the Elks' team played like majors and hardly made a skip. The final score was 8 to 2 in favor of the Elks.

SOME SIDE LIGHTS.

They say that Dr. Thabes whilestand-round won a prize.

The only accident of the day happened to Frank Peotz and he has the sympathy of his many friends.

J. H. Murphy is said to have been the only one to make an error in the ball game. He fell off the bench.

Robt. Jennings thought he was a good jumper but he never went up against he real thing until yesterday.

Chief Flatmouth talked entertainingly at the ball park.

The souvenir fiend was there yesterday and the different merchants handling beaded chains, etc. reaped a harvest. Judge Sanborn's bluff was "called" by is son Fred Sanborn in the ball game. The judge offered a "fiver" if Freddie could make a hit. Well he did and he had no sooner reached first than he turned around and reminded his father of the little proposition with his five fingers.

R. J. Hartley was there and if his wife ad seen him she never would have sent in that half dozen fancy ties.

Admiral S. R. Adair wore a smiling countenance, and was satisfied with the results.

Fred S. Parker got busy right away ad had more fun than anybody. The Marine band acquitted itself ost creditably.

The ladies all asked for H. P. Dunn, ho was detained at home.

Chas. Kinkade had as good a time as anybody, and entertained his guests in yal style.

Mine Host Bert Chase, of the Pameda, outdid himself and entertained the big crowd at his hostelry in elegant style. He had a four course dinner to set before the guests yesterday noon which was the limit and they will all remember "Bert."

Andy Bennett sold refreshments, on the train but said he did not make much; the excursionists were too well fed at Walker.

HIT BY TRAIN AND INSTANTLY KILLED

Edwin Weyrick, Car Repairer in the N. P. Shops at Staples, Met Instant Death.

WHILE RIDING A VELOCIPEDE

Between Verndale and Aldrich, West of Staples at About 11 O'clock Last Night.

Edwin Weyrick, a car repairer in the N. P. shops at Staples, and well known in this city was killed last night while riding a velocipede on the railroad between Verndale and Aldrich.

The unfortunate man had taken the velocipede early in the evening at Staples and had rode to Verndale to take in the celebration of the M. W. A. picnic. He enjoyed himself during the evening and started home about 10:30 o'clock.

He was overtaken by a work train when between Verndale and Aldrich and his velocipede was hit without the slightest warning to the trainmen or to himself. He was thrown some distance from the track and the train came to a stop, the collision having attracted the attention of the engineer. The injured man was picked up and taken to Staples, but died a few minutes after being taken into the depot. His skull was badly fractured and he was quite badly injured otherwise.

He was thirty years of age and was married last January. A sad feature about the case was the fact that his wife was nursing at the detention hospital and could not leave the place at the time.

THIS MAN HAD NERVE.

Details of the Suicide of William Koernke Yesterday Morning are Most Horrifying Indeed.

Deputy Coroner Dean returned last night from Mission lake with the remains of William Koernke, the man who committed suicide yesterday morning. It was decided that no inquest was necessary as it was evident beyond a doubt that the man took his own life. The remains are now at D. M. Clark & Co.'s undertaking parlors, being prepared for burial.

Further details regarding the deed are horrifying in the extreme, and give further evidence that the man was a raving maniac. The son of the old man told the following story and the evidences about the place would indicate that he was telling the truth: He said that his father had been up nearly all night the night before and had threatened to do some one bodily harm. The boy was attracted in the morning by the report of the shotgun and when he looked out in the yard he saw his father lying on the ground. He went out and his father rose to his feet and started to run to the house. The shot of the gun had torn one side of his face completely away and he was bleeding profusely. This did not prevent him, however, from going into the house to get the razor, with which he cut one of his wrists clear to the bone and then slashed his throat right and left. He then started for the lake and to the point where he jumped in it is nearly half a mile from the house.

It is one of the most remarkable cases of iron nerve on record.

MUSIC AND DRAMA.

"RESURRECTION" TOMORROW.

Great interest has been aroused in local theatrical circles since the announcement that the popular artists Melbourne MacDowell, and beautiful Florence Stone, supported by their excellent company, will play a return engagement at the Brainerd theatre tomorrow evening in Count Leo Tolstoi's great morality play "Resurrection." A prominent arch bishop of the Roman Catholic church wrote the following letter to Francis W. Courtney, Mr. MacDowell's manager, after witnessing Mr. MacDowell and Miss Stone's characterizations of the principle roles in "Resurrection."

"I consider the "Resurrection," from a moral standpoint, to be one of the most instructive dramas before the American public today, especially when produced by Mr. MacDowell and Miss Stone and their able company. The so called social evil, the circumstances that have led to the downfall of many an innocent girl, the self accusation and repentance of her base betrayer, when he beholds the awful results of his deed, are portrayed in a manner that it well calculated to promote morality.

"One knows not which to admire the more, the manner in which these evils are carefully depicted without the usual objectionable features, or the powerful and unequivocal denunciation. It is in the latter feature that most dramas of this kind are especially weak. Nothing that I might say could add to the laurels which Mr. MacDowell and Miss Stone have already won in dramatic art. Special mention should be made, however, of the quiet depth of Mr. MacDowell's rendition of his lines throughout the drama; which, united with the powerfully emotional acting of Miss Stone, often brought tears to the eyes of many in the audience.

"God speed the day when such dramas and such rendition of them will be even better appreciated."

Mr. MacDowell values this letter among his dearest treasures and ever since its receipt has extended an open invitation to the clergy of all creeds and denominations to witness his performance as his guests.

Seats for this dramatic treat may now be secured at Dunn's drug store.

"HEART OF TENNESSEE."

The St. Cloud Journal Press June 17th says—"The 'Heart of Tennessee' company, which is filling a three nights' engagement at the Davidson, presented the western drama "Forgiven," last night to a large appreciative audience. The company compares favorably with the popular priced attractions which have played at St. Cloud and deserve the patronage they are receiving.

This company open a three nights engagement at the Brainerd theatre, next Monday June 22nd, at popular summer prices.

PREVALENCE OF CATARRH.

Growing Use of Hyomei Will Soon Show a Decrease of this Disease.

Statistics show that at least 97 out of every 100 persons in this state are suffering from catarrh in some form. While the disease is one of the most common with which the medical profession has to contend, it also is one of the most dangerous. This is owing to its tendency to affect the bronchial tubes, causing consumption and other diseases of the respiratory organs.

Prior to the discovery of Hyomei, every method of treatment for the cure of catarrh had been found worthless. This can be clearly proven by the weekly statements published in every large city by the Board of Health, showing a great increase in the death rate from diseases of the respiratory organs, and the startling growth in the number of persons afflicted with such troubles.

The discovery of Hyomei and its increased use has already reduced the percentage of persons suffering from catarrh. This wonderful remedy is the simplest and most pleasant of all treatments. Just put a little Hyomei in the pocket inhaler that comes with every outfit, breathe through the inhaler for ten minutes four times a day. Relief will be seen from the first treatment; cure will soon follow. It is the true treatment for diseases of the respiratory organs.

Scientific and medical men recommend it. Leading druggists have so much faith in it that they guarantee a cure or they will refund the money. In this city H. P. Dunn & Co. are selling it upon that plan, so that any of our readers can use Hyomei without its costing them a cent unless it cures. Can there be a fairer way? 13

THE ELKS' EXCURSION.

The Train Returned from Walker Last Night About 11 O'clock and All Were Delighted with the Trip.

The Elks' excursion to Walker yesterday, participated in by nearly two hundred prominent people of the city, was a grand success and one has but to ask anyone who who attended to find out what a good time they had. It is to the credit of the Elks that it was such a pleasant affair, and was so thoroughly devoid of anything objectionable. On excursions usually, there is someone who has to get obstreperous, and frequently it is a case where men get to drinking, but this crowd yesterday was a different one. Every man conducted himself as a gentleman should and it reflects great credit not only on the lodge out on the city generally. The crowd arrived home without a mishap.

The day was an ideal one and the trip to the reservation, the ride on the lakes, the ball game and everything was very thoroughly enjoyed.

The game between the Elks and the high school teams was enjoyed by a large crowd. It was a good snappy game, but the high school boys are said to have alien all to pieces. The members of the Elks' team played like majors and hardly made a skip. The final score was 8 to 2 in favor of the Elks.

SOME SIDE LIGHTS.

They say that Dr. Thabes whilestand-around won a prize.

The only accident of the day happened to Frank Peotz and he has the sympathy of his many friends.

J. H. Murphy is said to have been the only one to make an error in the ball game. He fell off the bench.

Robt. Jennings thought he was a good jumper but he never went up against he real thing until yesterday.

Chief Flatmouth talked entertainingly at the ball park.

The souvenir fiend was there yesterday and the different merchants handling beaded chains, etc. reaped a harvest.

Judge Sanborn's bluff was "called" by his son Fred Sanborn in the ball game. The judge offered a "silver" if Freddie could make a hit. Well he did and he ad no sooner reached first than he urned around and reminded his father of the little proposition with his five fingers.

R. J. Hartley was there and if his wife had seen him she never would have sent him that half dozen fancy ties.

Admiral S. R. Adair wore a smiling punctionance, and was satisfied with the results.

Fred S. Parker got busy right away and had more fun than anybody.

The Marine band acquitted itself most creditably.

The ladies all asked for H. P. Dunn, who was detained at home.

Chas. Kinkadee had as good a time as anybody, and entertained his guests in royal style.

Mine Host Bert Chase, of the Pameda, outdid himself and entertained the big crowd at his hostelry in elegant style. He had a four course dinner to set before the guests yesterday noon which was the limit and they will all remember "Bert."

Andy Bennett sold refreshments, on the train but said he did not make much; the excursionists were too well fed at Walker.

The Aitkin contingent had a merry time. Attorney Scribner liked it so good that he did not want to get off at Backus last night so came on down to Brainerd.

R. D. King enjoyed a visit to the reservation and the old traditions recalled pleasant memories.

Familiar Features Well Known to Hundreds of Brainerd Citizens.

A familiar burden in every home, The burden in a "Bad Back."

A lame, a weak or an aching back Tells you of kidney ills, Doan's Kidney Pills will cure you.

Here is Brainerd's testimony to prove it.

Mrs. Mose Derocher, of 127 Seventh St. south, says: "Low down in the small part of my back there was a pain very distressing, by spells becoming much worse and causing me discomfort to say the least. My husband bought a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicines which I had used failed to help me, but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely and corrected a disorder of the kidneys which accompanied the backache."

HIT BY TRAIN AND INSTANTLY KILLED

Edwin Weyrick, Car Repairer in the N. P. Shops at Staples, Met Instant Death.

WHILE RIDING A VELOCIPEDE

Between Verndale and Aldrich, West of Staples at About 11 O'clock Last Night.

Edwin Weyrick, a car repairer in the N. P. shops at Staples, and well known in this city was killed last night while riding a velocipede on the railroad between Verndale and Aldrich.

The unfortunate man had taken the velocipede early in the evening at Staples and had rode to Verndale to take in the celebration of the M. W. A. picnic. He enjoyed himself during the evening and started home about 10:30 o'clock.

He was overtaken by a work train when between Verndale and Aldrich and his velocipede was hit without the slightest warning to the trainmen or to himself. He was thrown some distance, from the track and the train came to a stop, the collision having attracted the attention of the engineer. The injured man was picked up and taken to Staples, but died a few minutes after being taken into the depot. His skull was badly fractured and he was quite badly injured otherwise.

He was thirty years of age and was married last January. A sad feature about the case was the fact that his wife was nursing at the detention hospital and could not leave the place at the time.

THIS MAN HAD NERVE.

Details of the Suicide of William Koernke Yesterday Morning are Most Horrifying Indeed.

Deputy Coroner Dean returned last night from Mission lake with the remains of William Koernke, the man who committed suicide yesterday morning. It was decided that no inquest was necessary as it was evident beyond a doubt that the man took his own life. The remains are now at D. M. Clark & Co.'s undertaking parlors, being prepared for burial.

Further details regarding the deed are horrifying in the extreme, and give further evidence that the man was a raving maniac. The son of the old man told the following story and the evidences about the place would indicate that he was telling the truth: He said that his father had been up nearly all night the night before and had threatened to do some one bodily harm. The boy was attracted in the morning by the report of the shotgun and when he looked out in the yard he saw his father lying on the ground. He went out and his father rose to his feet and started to run to the house. The shot of the gun had torn one side of his face completely away and he was bleeding profusely. This did not prevent him, however, from going into the house to get the razor, with which he cut one of his wrists clear to the bone and then slashed his throat right and left. He then started for the lake and to the point where he jumped in it is nearly half a mile from the house.

It is one of the most remarkable cases of iron nerve on record.

MUSIC AND DRAMA.

"RESURRECTION" TOMORROW.

Great interest has been aroused in local theatrical circles since the announcement that the popular artists Melbourne MacDowell, and beautiful Florence Stone, supported by their excellent company, will play a return engagement at the Brainerd theatre tomorrow evening in Count Leo Tolstoi's great morality play "Resurrection." A prominent arch bishop of the Roman Catholic church wrote the following letter to Francis W. Courtney, Mr. MacDowell's manager, after witnessing Mr. MacDowell and Miss Stone's characterizations of the principle roles in "Resurrection."

"I consider the 'Resurrection,' from a moral standpoint, to be one of the most instructive dramas before the American public today, especially when produced by Mr. MacDowell and Miss Stone and their able company. The so called social evil, the circumstances that have led to the downfall of many an innocent girl, the self accusation and repentance of her base betrayer, when he beholds the awful results of his deed, are portrayed in a manner that it well calculated to promote morality."

"One knows not which to admire the more, the manner in which these evils are carefully depicted without the usual objectionable features, or the powerful and unequivocal denunciation. It is in the latter feature that most dramas of this kind are especially weak. Nothing that I might say could add to the laurels which Mr. MacDowell and Miss Stone have already won in dramatic art. Special mention should be made, however, of the quiet depth of Mr. MacDowell's rendition of his lines throughout the drama; which, united with the powerfully emotional acting of Miss Stone, often brought tears to the eyes of many in the audience."

"God speed the day when such dramas and such rendition of them will be even better appreciated."

Mr. MacDowell values this letter among his dearest treasures and ever since its receipt has extended an open invitation to the clergy of all creeds and denominations to witness his performance as his guests.

Seats for this dramatic treat may now be secured at Dunn's drug store.

"HEART OF TENNESSEE."

The St. Cloud Journal-Press June 17th says—"The 'Heart of Tennessee' company, which is filling a three nights' engagement at the Davidson, presented the western drama 'Forgiven,' last night to a large appreciative audience. The company compares favorably with the popular priced attractions which have played at St. Cloud and deserve the patronage they are receiving."

This company open a three nights engagement at the Brainerd theatre, next Monday June 22nd, at popular summer prices.

PREVALENCE OF CATARRH.

Growing Use of Hyomei Will Soon Show a Decrease of this Disease.

Statistics show that at least 97 out of every 100 persons in this state are suffering from catarrh in some form. While the disease is one of the most common with which the medical profession has to contend, it also is one of the most dangerous. This is owing to its tendency to affect the bronchial tubes, causing consumption and other diseases of the respiratory organs.

Prior to the discovery of Hyomei, every method of treatment for the cure of catarrh had been found worthless. This can be clearly proven by the weekly statements published in every large city by the Board of Health, showing a great increase in the death rate from diseases of the respiratory organs, and the startling growth in the number of persons afflicted with such troubles.

The discovery of Hyomei and its increased use has already reduced the percentage of persons suffering from catarrh. This wonderful remedy is the simplest and most pleasant of all treatments. Just put a little Hyomei in the pocket inhaler that comes with every outfit, breathe through the inhaler, for ten minutes four times a day. Relief will be seen from the first treatment; cure will soon follow. It is the true treatment for diseases of the respiratory organs.

Scientists and medical men recommend it. Leading druggists have so much faith in it that they guarantee a cure or they will refund the money. In this city H. P. Dunn & Co. are selling it upon that plan, so that any of our readers can use Hyomei without its costing them a cent unless it cures. Can there be a fairer way? 13

OBTAIN CONCESSIONS

RUSSIAN JEWS PERMITTED TO
LIVE IN ANY PART OF THE
CZAR'S EMPIRE.

COMMITTEE VISITS OFFICIALS

MEETING RESULTS IN THE WITH-
DRAWAL OF OBJECTIONABLE
REGULATIONS.

Chicago, June 19.—The Russian govern-
ment has taken cognizance of the
protest against the Kishinev massacres.
Great concessions have been
granted to the Jews, which will relieve
their terribly confined condition in the
large cities, where they are herded to-
gether and constantly under the eye
of the government officials.

The tidings were received in a ca-
blegram from Odessa by Leon A.
Berezak last night. According to
the dispatch, a committee of fifty of
the most influential Jews of Odessa,
consisting of lawyers, bankers and
philanthropists, went to St. Peters-
burg and were received by the min-
ister of finance, Witte. Before these
two a memorial was laid, asking that
the Jews of the region where the
persecutions have been most flagrant
might be granted concessions. The
ministry of the families who had lost
all during the terrible massacres were
described and the clemency of the
Czar was asked.

A meeting of the ministry was
called, and the question was taken up.
The head of the Jewish church at
Kronstadt, who headed the committee,
was called into the conference. Final-
ly the ministers decided that all vil-
lages, as regards the Jews, should be
classified as cities, and that Jews
should be permitted to reside in them.
As a further concession it was decided
that the ukase prohibiting Jews from
living within fifty miles of the fron-
tier should be removed and that they
be permitted to live in any portion of
the country.

"BARRING ACCIDENTS."

Present British Government Will Re-
main in Power Two Years More.

London, June 19.—From interviews
with members of the house of com-
mons belonging to various parties, the
Associated Press correspondent learns
that the consensus of opinion at West-
minster forecasts another two years
tenure of office for the present govern-
ment, though the prophecy is al-
ways made with the proviso "barring
accidents." Good judges see little
possibility of accidents being involved
in the issues now agitating the Brit-
ish press. Sir Henry Campbell-Ban-
nerman Thursday held a conference of
leading Liberals on the advisability
of raising the whole question of the
fiscal policy of Great Britain, but in
view of the attitude of even the mal-
content Unionists, who are out and
out free traders, it is not considered
likely that the Liberal leaders will
risk challenging the government to a
vote in which he is certain to be de-
feats.

In spite of the sharp issue raised in
the Irish land bill question on the
subject of a minimum purchase price,
the ultimate passage of the bill is not
as seriously jeopardized as might be
imagined. The Nationalists certainly
hope to wring some further conces-
sions from Chief Irish Secretary
Wyndham by a show of opposition, but
the leaders of the Irish party are still
inclined to exert all their influence to
keep the government in power.

Indianapolis, Ind., June 19.—Lieu-
tenant Governor W. A. Northcott of
Illinois reported that he had been
robbed by a hotel thief of his watch,
chain and charm, valued at \$300, and
\$35 in money. He said that some
money and jewels belonging to his
daughter were also taken. The watch
charm was of Masonic design and was
presented to him by the general as-
sembly of Illinois.

voices contributed the numbers, as-
sisted by the orchestra of 200 pieces
and Mme. Katherine Fleischer-Edel.
One number was contributed by the
United Singers of Cincinnati.

General Frank Wheaton Dead.

Washington, June 19.—Major Gen-
eral Frank Wheaton, U. S. A., retired,
died Thursday, aged seventy years. A
widow and two daughters survive him.
Death resulted from a general break-
ing down in health. General Wheaton
had an active military career and in
the Civil war participated in many
battles. He was brevetted several
times for efficient and meritorious
services.

Attempts Murder and Suicide.

Fitchburg, Mass., June 19.—Herman
Tillot shot Harold Brown, a lawyer who
recently came from Chicago, inflicting a
slight wound. He then put a bullet
through his own head, which probably
will prove fatal. Tillot, it is thought,
was mentally deranged because of the
recent loss of his position.

Record Prices for Hogs.

Peru, Ind., June 19.—Record prices
were paid at the Poland China swine
sale at Macy, Ind. The aggregate
sales of the two days were over \$60,

offered. The highest price paid for
any one hog was that paid for "Ideal

NEW ARMY STANDARDS.

Description of Flags Adopted by the
War Department.

The war department has adopted a
new set of standards and regimental,
battalion and other colors for the army
of the United States, says the New
York Commercial Advertiser. The
main feature of the new flags, as well
as of the buttons and ornaments, is in
the representation of the coat of arms
of the United States. They are made
of the best quality of silk in solid col-
ors, and the United States seal, the in-
signia, scroll, inscriptions and other
emblems are embrodered in colors.
The different standards are described
as follows:

That of the secretary of war is scar-
let with white fringe and contains the
United States seal embrodered in col-
ors and four white stars, one near
each corner. The cord and tassel are
scarlet and white intertwined. The
cavalry standard is yellow, and the
fringe, cord and tassel are also of the
same color. Under the embrodered
seal is a scroll in red, with the regim-
ental designation in letters of white.
The artillery standard is red, with
red fringe, cord and tassel. Below the
seal is the insignia of the army, crossed
cannons above yellow scroll, con-
taining the regimental designation in
letters of red. The infantry standard
is blue, with yellow fringe and blue
and white cord and tassel. Below the
seal is a red scroll bearing the regim-
ental designation in letters of white.

The standard of the engineers is
scarlet, with white fringe and scarlet
and white cord and tassel. Below the
seal is the insignia of the corps, a bat-
tlemated castle embrodered in white
and a white scroll with the battalion
designation in letters of red. The sig-
nal corps standard is orange, with
yellow fringe and cord and tassel of
orange and yellow. Below the em-
brodered seal is the insignia of the
corps—crossed flags and torch em-
brodered in yellow and white, under
which is a blue scroll with the desig-
nation in letters of white.

bassador's Statements.

RUSSIA'S POLICY OF SUPPRESSION.

Jews Are Prevented, He Says, From
Living in Agricultural Communi-
ties, Then Blamed For Not Being
Farmers—Restrictions That Are
Placed Upon Them.

Dr. Cyrus Adler of the Smithsonian
Institution, secretary of the Interna-
tional Jewish association and editor of
the Jewish Year Book, in the course of
conversation the other day on the mas-
sacre of Jews in Russia, reviewed the
statements of Count Cassini, the Rus-
sian ambassador, in a recent interview
given out by him, which Dr. Adler
treated as an authoritative utterance,
says a Washington special dispatch to
the New York Times. Quoting the de-
claration of the ambassador that "the
unfriendly attitude toward the Jews is
due to the fact that they will not work
in the field or engage in agriculture,"
Dr. Adler said:

"In 1880 there were more than 100,
000 Jews in Russia engaged in agricul-
ture, the larger portion of them being
in southern Russia. It is true that the
tendency toward agriculture on the
part of the Jews in Russia has been ar-
rested, but this has not been since 1891,
when the May laws of 1882 put a stop
to the migration of the Jewish inhabi-
tants of towns into the villages. It is
not generous for a country to prevent
Jews from living in an agricultural
community and then blame them for
not being farmers.

"Count Cassini next charges the Jews
in Russia with being bankers and money
brokers and taking advantage of the
Russian peasants in this way. He
will probably not be inclined to assert
that any really large percentage of the
more than 5,000,000 Jews in Russia are
bankers and brokers. Moreover, the ill
feeling which he describes as existing
between them and the peasants does not
apply to this particular incident at
Kishineff. Kishineff is a town of about
140,000 inhabitants, so that the ques-
tion of the fury of the villagers would
hardly come into the discussion.

"Since the ambassador makes a great
point of the unwillingness of the Jews
to engage in agricultural pursuits, and
since he proclaims the failure of the
agricultural colonies, it might be in-
teresting for him to know that in 1889
there were 278 Jewish agricultural
colonies in Russia, in which were em-
ployed 63,223 people.

"The ambassador states that the
Jewish genius is appreciated in Rus-
sia and the Jewish artist honored. The
May laws, to which reference has been
made, restricts the number of Jewish
students at the universities and gym-
nasiums, carrying these restrictions
even to private technical schools estab-
lished by the Jews themselves. Jews
were forbidden to be army doctors, the
college for veterinary surgeons was
closed to them, they were prevented
from acting as engineers, excluded
from the civil service and only allowed
to become members of the legal pro-
fession upon a special permit from the
minister of justice.

"One of the reasons mentioned by
the ambassador for the hostility on the
part of the Russians is the un-
willingness of the Jews to assimilate.
One single incident indicating where
the fault lies may be mentioned. The
last figures available to me for the
recruits in the Russian army are those
for 1896, which show that during that
year 15,831 were drafted in the Rus-
sian army, yet none of them upon any
account is allowed to become a com-
missioned officer. The Russian Jew
has, however, the privilege of being
killed in defense of his country. It is
thus shown from a hasty examination
of the interview of the ambassador
that he has in no case given an ac-
curate statement of the causes pro-
ducing the riot at Kishineff under dis-
cussion, and one is led to the painful
conclusion that he either is unacquainted
with affairs in his own country or that
he willfully intended to mislead the
American people.

"It might not be without interest for
the public to know how the particular
massacre was brought about. A few
days before the Passover a Russian
disappeared in Dubossari. The rumor
spread that he had been killed by the
Jews for ritual purposes. His body
was examined and the conclusion
reached that his death could not have
been encompassed for the purpose of
securing his blood. Notwithstanding,
a Russian paper published at Kishineff,
called the Bessarabyetz, published in-
flammatory articles against the Jews,
and especially one just before the Rus-
sian Easter Sunday, and it was upon
this day, and largely after leaving the
church, that the Russians began to at-
tack the Jews. There seems, therefore,
to be a much closer connection between
religious hatred and those riots than
between them and the economic causes
which the ambassador threw out.

"It may not be amiss in this con-
nection to say, what is no doubt fresh
in the minds of many American citizens,
that no foreign Jew may enter the
Russian empire for purposes of travel
without subjecting himself to extraor-
dinary restrictions, nor without agree-
ing to leave the country within a de-
finite period. Such a restriction would
even apply to a member of congress or
of the British parliament or of the
Italian cabinet, if a Jew. Something
other than economic reasons enter
here."

OBTAIN CONCESSIONS

RUSSIAN JEWS PERMITTED TO
LIVE IN ANY PART OF THE
CZAR'S EMPIRE.

COMMITTEE VISITS OFFICIALS

MEETING RESULTS IN THE WITH-
DRAWAL OF OBJECTIONABLE
REGULATIONS.

Chicago, June 19.—The Russian gov-
ernment has taken cognizance of the
protest against the Kishinev massa-
cres. Great concessions have been
granted to the Jews, which will relieve
their terribly confined condition in the
large cities, where they are herded to-
gether and constantly under the eye of
the government officials.

The tidings were received in a ca-
balegram from Odessa by Leon A. Be-
reznak last night. According to the
dispatch, a committee of fifty of the
most influential Jews of Odessa, con-
sisting of lawyers, bankers and phi-
lanthropists, went to St. Petersburg
and were received by the minis-
ter of finance, Witte. Before these
two a memorial was laid, asking that
the Jews of the region where the
persecutions have been most flagrant
might be granted concessions. The
misery of the families who had lost
all during the terrible massacres were
described and the clemency of the
Czar was asked.

A meeting of the ministry was
called, and the question was taken up.
The head of the Jewish church at
Kronstadt, who headed the committee,
was called into the conference. Finally
the ministers decided that all vil-
lages, as regards the Jews, should be
classified as cities, and that Jews
should be permitted to reside in them.
As a further concession it was decided
that the ukase prohibiting Jews from
living within fifty miles of the fron-
tier should be removed and that they
be permitted to live in any portion of
the country.

"BARRING ACCIDENTS."

Present British Government Will Re-
main in Power Two Years More.

London, June 19.—From interviews
with members of the house of com-
mons belonging to various parties, the
Associated Press correspondent learns
that the consensus of opinion at West-
minster forecasts another two years
tenure of office for the present gov-
ernment, though the prophecy is al-
ways made with the proviso "barring
accidents." Good judges see little
possibility of accidents being involved
in the issues now agitating the British
press. Sir Henry Campbell-Bannerman
Thursday held a conference of
leading Liberals on the advisability
of raising the whole question of the
fiscal policy of Great Britain, but in
view of the attitude of even the mal-
content Unionists, who are out and
out free traders, it is not considered
likely that the Liberal leaders will
risk challenging the government to a
vote in which he is certain to be de-
feated.

In spite of the sharp issue raised in
the Irish land bill question on the
subject of a minimum purchase price,
the ultimate passage of the bill is not
as seriously jeopardized as might be
imagined. The Nationalists certainly
hope to wring some further conces-
sions from Chief Irish Secretary
Wyndham by a show of opposition, but
the leaders of the Irish party are still
inclined to exert all their influence to
keep the government in power.

NORTHCOTT ROBBED.

Lieutenant Governor of Illinois Loses
Money and Valuables.

Indianapolis, Ind., June 19.—Lieu-
tenant Governor W. A. Northcott of
Illinois reported that he had been
robbed by a hotel thief of his watch,
chain and charm, valued at \$300, and
\$35 in money. He said that some
money and jewels belonging to his
daughter were also taken. The watch
charm was of Masonic design and was
presented to him by the general as-
sembly of Illinois.

NATIONAL SAENGERFEST.

Vast Audience Listens to the Second
Concert.

St. Louis, June 19.—A vast au-
dience at night listened to the second
concert of the thirty-first national
saengerfest.

The national male chorus of 5,000
voices contributed the numbers, as-
sisted by the orchestra of 200 pieces
and Mme. Katherine Fleischer-Edel.
One number was contributed by the
United Singers of Cincinnati.

General Frank Wheaton Dead.

Washington, June 19.—Major Gen-
eral Frank Wheaton, U. S. A., retired,
died Thursday, aged seventy years. A
widow and two daughters survive him.
Death resulted from a general break-
ing down in health. General Wheaton
had an active military career and in
the Civil war participated in many
battles. He was brevetted several
times for efficient and meritorious
services.

Attempts Murder and Suicide.

Fitchburg, Mass., June 19.—Herman
Tillot shot Harold Brown, a lawyer who
recently came from Chicago, inflicting
a slight wound. He then put a bullet
through his own head, which probably
will prove fatal. Tillot, it is thought,
was mentally deranged because of the
recent loss of his position.

Record Prices for Hogs.

Peru, Ind., June 19.—Record prices
were paid at the Poland China swine
sale at Macy, Ind. The aggregate
sales of the two days were over \$60,
000 for the ninety-five head that were
offered. The highest price paid for
any one hog was that paid for "Ideal
Sunrise," which brought \$17,957.

NEW ARMY STANDARDS.

Description of Flags Adopted by the
War Department.

The war department has adopted a
new set of standards and regimental,
battalion and other colors for the army
of the United States, says the New
York Commercial Advertiser. The
main feature of the new flags, as well
as of the buttons and ornaments, is in
the representation of the coat of arms
of the United States. They are made
of the best quality of silk in solid col-
ors, and the United States seal, the in-
signia, scroll, inscriptions and other
emblems are embroidered in colors.
The different standards are described
as follows:

That of the secretary of war is scar-
let with white fringe and contains the
United States seal embroidered in col-
ors and four white stars, one near
each corner. The cord and tassel are
scarlet and white intertwined. The
cavalry standard is yellow, and the
fringe, cord and tassel are also of the
same color. Under the embroidered
seal is a scroll in red, with the regim-
ental designation in letters of white.
The artillery standard is red, with
red fringe, cord and tassel. Below the
seal is the insignia of the army, cross-
ed cannons above yellow scroll, con-
taining the regimental designation in
letters of red. The infantry standard
is blue, with yellow fringe and blue
and white cord and tassel. Below the
seal is a red scroll bearing the regim-
ental designation in letters of white.

The standard of the engineers is
scarlet, with white fringe and scarlet
and white cord and tassel. Below the
seal is the insignia of the corps, a bat-
tlemented castle embroidered in white
and a white scroll with the battalion
designation in letters of red. The sig-
nal corps standard is orange, with yel-
low fringe and cord and tassel of
orange and yellow. Below the em-
broided seal is the insignia of the
corps—crossed flags and torch em-
broided in yellow and white, under
which is a blue scroll with the desig-
nation in letters of white.

New York, June 19.—Major James
H. Pond, manager of lectures and
singers, has had to have his right leg
amputated to save his life. The opera-
tion was performed at his home in
Jersey City. The patient, who is six-
ty-five years old, stood the shock
well, and the physicians believe the
outcome will be favorable. Major
Pond has been ill for a month.

DR. ADLER ON CASSINI

Noted Jew Answers the Am-
bassador's Statements.

RUSSIA'S POLICY OF SUPPRESSION.

Jews Are Prevented, He Says, From
Living in Agricultural Communi-
ties, Then Blamed For Not Being
Farmers—Restrictions That Are
Placed Upon Them.

Dr. Cyrus Adler of the Smithsonian
institution, secretary of the Interna-
tional Jewish association and editor of
the Jewish Year Book, in the course of
conversation the other day on the mas-
sacre of Jews in Russia, reviewed the
statements of Count Cassini, the Rus-
sian ambassador, in a recent interview
given out by him, which Dr. Adler
treated as an authoritative utterance,
says a Washington special dispatch to
the New York Times. Quoting the de-
claration of the ambassador that "the
unfriendly attitude toward the Jews is
due to the fact that they will not work
in the field or engage in agriculture,"
Dr. Adler said:

"In 1880 there were more than 100,
000 Jews in Russia engaged in agricul-
ture, the larger portion of them being
in southern Russia. It is true that the
tendency toward agriculture on the
part of the Jews in Russia has been ar-
rested, but this has not been since 1891,
when the May laws of 1882 put a stop
to the migration of the Jewish inhabi-
tants of towns into the villages. It is
not generous for a country to prevent
Jews from living in an agricultural
community and then blame them for
not being farmers.

"Count Cassini next charges the Jews
in Russia with being bankers and money
brokers and taking advantage of the
Russian peasants in this way. He
will probably not be inclined to assert
that any really large percentage of the
more than 5,000,000 Jews in Russia are
bankers and brokers. Moreover, the ill
feeling which he describes as existing
between them and the peasants does
not apply to this particular incident at
issue. Kishineff is a town of about
140,000 inhabitants, so that the ques-
tion of the fury of the villagers would
hardly come into the discussion.

"Since the ambassador makes a great
point of the unwillingness of the Jews
to engage in agricultural pursuits, and
since he proclaims the failure of the
agricultural colonies, it might be in-
teresting for him to know that in 1889
there were 278 Jewish agricultural
colonies in Russia, in which were em-
ployed 63,223 people.

"The ambassador states that the
Jewish genius is appreciated in Rus-
sia and the Jewish artist honored. The
May laws, to which reference has been
made, restricts the number of Jewish
students at the universities and gym-
nasiums, carrying these restrictions
even to private technical schools estab-
lished by the Jews themselves. Jews
were forbidden to be army doctors, the
college for veterinary surgeons was
closed to them, they were prevented
from acting as engineers, excluded
from the civil service and only allowed
to become members of the legal pro-
fession upon a special permit from the
minister of justice.

"One of the reasons mentioned by
the ambassador for the hostility on
the part of the Russians is the un-
willingness of the Jews to assimilate.
One single incident indicating where
the fault lies may be mentioned. The
last figures available to me for the
recruits in the Russian army are those
for 1896, which show that during that
year 15,831 were drafted in the Rus-
sian army, yet none of them upon any
account is allowed to become a com-
missioned officer. The Russian Jew
has, however, the privilege of being
killed in defense of his country. It is
thus shown from a hasty examination
of the interview of the ambassador
that he has in no case given an ac-
curate statement of the causes produc-
ing the riot at Kishineff under discus-
sion, and one is led to the painful con-
clusion that he either is unacquainted
with affairs in his own country or that
he willfully intended to mislead the
American people.

"It might not be without interest for
the public to know how the particular
massacre was brought about. A few
days before the Passover a Russian
disappeared in Dubossari. The rumor
spread that he had been killed by the
Jews for ritual purposes. His body
was examined and the conclusion
reached that his death could not have
been encompassed for the purpose of
securing his blood. Notwithstanding,
a Russian paper published at Kishineff,
called the Bessarabyetz, published in-
flammatory articles against the Jews,
and especially one just before the Rus-
sian Easter Sunday, and it was upon
this day, and largely after leaving the
church, that the Russians began to at-
tack the Jews. There seems, therefore,
to be a much closer connection between
religious hatred and those riots than
between them and the economic causes
which the ambassador threw out.

"It may not be amiss in this connec-
tion to say, what is no doubt fresh in
the minds of many American citizens,
that no foreign Jew may enter the
Russian empire for purposes of travel
without subjecting himself to extraor-
dinary restrictions, nor without agree-
ing to leave the country within a defi-
nite period. Such a restriction would
even apply to a member of congress or
